

School Experience during Spring 2021

EborHope can offer an alternative to experience in school during Spring 2021

Book a virtual School Experience Day with us and have the opportunity to:

- Observe and discuss a recorded lesson.
- Gain insights into the life of a secondary school teacher;
- Discuss training with EborHope TSA and York St John University;
- Speak to a Lead Practitioner about career progression within teaching;
- Ask questions and receive tailored advice about your next steps into teaching, including the application process, your personal statement and what to expect at interview.

How do I book?
